### **Anarchism Arguments For And Against**

Anarchism is an anti-authoritarian political philosophy that advocates self-managed, self-governed societies based on voluntary, cooperative institutions and the rejection of hierarchies those societies view as unjust. These institutions are often described as stateless societies, although several authors have defined them more specifically as distinct institutions based on non-hierarchical or ...

Political philosophy, branch of philosophy that is concerned, at the most abstract level, with the concepts and arguments involved in political opinion. The meaning of the term political is itself one of the major problems of political philosophy. Broadly, however, one may characterize as political all those practices and institutions that are concerned with government.

An accurate recounting of history is necessary to appreciate the need for disestablishment and a separation between church and state. The religiosity of the generation that framed the Constitution and the Bill of Rights (of which the First Amendment is the first as a result of historical accident, not the preference for religious liberty over any other right) has been overstated.
