Fashion design is the art of applying design, aesthetics and natural beauty to clothing and its accessories. It is influenced by cultural and social attitudes, and has varied over time and place. Fashion designers work in a number of ways in designing clothing and accessories such as bracelets and necklaces.

Fashion design - Wikipedia

Ecofashion. The area of recycling and upcycling is a rich and growing source of innovative design in the fashion and accessories industries. In a fast-fashion world of throw-away clothing, it is the ultimate expression of the slow-fashion movement, with each piece individually conceived and crafted from scratch, using different materials each time.

The Books | Eco Fashion Talk

The history of fashion design refers to the development of the fashion industry which designs clothing and accessories. The modern industry, based around firms or fashion houses run by individual designers, started in the 19th century with Charles Frederick Worth who from 1858 was the first designer to have his label sewn into the garments that he created.

History of fashion design - Wikipedia

The Color Revolution Regina Lee Blaszczyk . From the Publisher. When the fashion industry declares that lime green is the new black, or instructs us to "think pink!," it is not the result of a backroom deal forged by a secretive cabal of fashion journalists, designers, manufacturers, and the editor of Vogue. It is the latest development of a color revolution that has been unfolding for more ...
