Cake is a form of sweet dessert that is usually baked. In their oldest forms, cakes were modifications of breads, but cakes now cover a wide range of preparations that can be simple or elaborate, and that share features with other desserts such as pastries, meringues, custards, and pies.. The most commonly used cake ingredients include flour, sugar, eggs, butter or oil or margarine, a liquid ...

Cake decorating is one of the sugar arts that uses icing or frosting and other edible decorative elements to make plain cakes more visually interesting. Alternatively, cakes can be molded and sculpted to resemble three-dimensional persons, places and things. Cakes are decorated to mark a special celebration (such as a birthday or wedding). They can also mark national or religious holidays, or ...
