Please select a country in the dropdown menu below to see the values for the 6 dimensions. After a first country has been selected, a second and even a third country can be chosen to be able to see a comparison of their scores. To compare your personal preferences to the scores of a country of your choice, please purchase our cultural survey tool, the Culture Compass™.

### **Compare countries - Hofstede Insights**

Hofstede's Cultural Dimensions Understanding Different Countries. Imagine this scenario: Sayid's boss has asked him to manage a large, global team. In this new role, he'll be working closely with people in several different countries. He's excited about the opportunities that his connectedness will present, but he's also nervous about making ...

### **Hofstede's Cultural Dimensions - From MindTools.com**

The Hofstede model of national culture consists of six dimensions. The cultural dimensions represent independent preferences for one state of affairs over another that distinguish countries (rather than individuals) from each other. The country scores on the dimensions are relative, in that we are all human and simultaneously we are all unique.
