The Kajaki Dam is one of the two major hydroelectric power dams of Helmand province in southern Afghanistan. The dam is located on the Helmand River 100 miles (161 km) north-west of Kandahar and is operated by the Helmand and Arghandab Valley Authority. It has a dual function, to provide electricity and to irrigate some 650,000 acres (1800 km²) of an otherwise arid land.

Being a Responsible Dam Owner. As a dam owner, you are legally responsible to maintain your dam in a safe manner, and you could be found liable should your structure fail and cause loss of life or damage to property of others. One of the most important components of dam safety is owner education. Owners must be aware of:
