You can't love me, Apollo says with a sharp grin and peaked teeth.. I won't, Icarus answers and kisses Apollo's knuckles one by one.. You have to promise, Apollo says and runs his hands over Icarus' bare shoulders.. I do, Icarus promises and throws his head back when long fingers coil around his throat.. You have to swear, Apollo whispers and bites down on the sensible flesh of Icarus ...

Human skin color ranges in variety from the darkest brown to the lightest hues. An individual's skin pigmentation is the result of genetics, being the product of both of the individual's biological parents' genetic makeup, and exposure to sun. In evolution, skin pigmentation in human beings evolved by a process of natural selection primarily to regulate the amount of ultraviolet radiation ...

BABYLON OVER TIME by Tessa Gratton. She began rotting in the sixteenth century, but her friend did not realize for another hundred years. They both were vampire queens, and while it was a mystery to humans why finding two queens in close contact with each other occurred so infrequently, the answer was simple: biology.
