1854 . M&H began as a partnership between Mr. McNab and Mr. Carr. The McNab-Carr Company, located in New York City, began manufacturing products for the water and steam industries.

Company History | M&H Valve

Instead of hijacking the other thread thought I'd start a new. Anybody here put that annoying "Beep After M30" on to remind the guy who is standing in front of that machine...the one thats no longer making those machining noises and has a green flashing light indicating that the cylce is done, only to find out the beep is totally dismissed by him as well....but hearing that annoying beep for ...
