Barcelona® Chair Item # Share This # Ludwig Mies van der Rohe 1929. One of the most recognized objects of the last century, and an icon of the modern movement, the Barcelona Chair exudes a simple elegance that epitomizes Mies van der Rohe's most famous maxim—"less is more."

Barcelona® Chair | Knoll

After that achievement the central, rectangular loadbearing core of the 50' x 50' square house was put in place. Temporary vertical steel roof supports were then erected in the center of each of the four sides of the house's exterior glass wall footing allowing the pre-constructed, on-site steel roof to be hoisted into place by crane.

The 50 by 50 | Building of the Never Built Mies Van Der Rohe

"The purpose of the structure provides it with its actual sense. (...) A dwelling should only serve for housing. The location of the structure, its location in relation to the sun, the layout of the spaces and the construction materials are the essential factors for creating a dwelling house.
