Ship Plans | The Model Shipwright

Medieval ships: Transition and influences. The medieval era devoted to the maritime scene the emergence of new techniques of construction and navigation, mainly from the North, with imports from the east (Arabs, and indirectly Chinese). This will result in a dialogue of several centuries between the Mediterranean and these various influences.

Medieval Ships - naval encyclopedia

Most pre-built pirate ship designs cost anywhere between \$4,000-\$8,000 before shipping, taxes and other fees are applied. With the eight different pirate ship playhouse plans provided at Paulsplayhouses.com, you'll be able to easily save 3X those amounts. When you're the one who is taking on the project, you'll be able to eliminate costs in several areas, including:

ship.pirateship.com

There was a command structure, and different men had different jobs to make sure that everything went smoothly. Well-run and organized pirate ships were more successful, and ships that lacked discipline and leadership generally didn't last very long. Here is a list of the common positions and duties on board a pirate ship.

Positions and Duties on Board a Pirate Ship - ThoughtCo

The ships of Medieval Europe were powered by sail or oar, or both. There was a large variety, mostly based on much older conservative designs. Although wider and more frequent communications within Europe meant exposure to a variety of improvements, experimental failures were costly and rarely attempted.

Medieval ships - Wikipedia

The debut of this imagination overload [check out the pictures below] was constructed in Hopkinsville, KY over a couple months time and turned out simply awesome! This version includes a Medieval Castle built as a dock to a Pirate Ship and is connected to a freestanding 10x10 Tree House by a custom built Rope Bridge.
