A Flawless Automated Touchdown. Soyuz 11's touchdown was wholly automatic, from the parachute deployment to the firing of solid-fueled soft-landing rockets in the base of the descent module. It was 2:16 a.m. Moscow Time when the vehicle came to terra firma. The three cosmonauts had broken the previous space endurance record of 18 days, set by another Soyuz crew in 1970, and had almost doubled ...

Russia is an amazing country. It's the largest country in the world - spanning 11 time zones - and is known for several things: being incredibly cold, the Cold War and its many secrets, and vodka, to name a few. However, there's so much more to this country than just that (though you'll see plenty of that on this list)! Since the year 2000, Vladimir Putin has been the President of Russia and ...
