Steampunk Accessories 20 Projects To

Steampunk is a subgenre of science fiction or science fantasy that incorporates technology and aesthetic designs inspired by 19th-century industrial steam-powered machinery. Although its literary origins are sometimes associated with the cyberpunk genre, steampunk works are often set in an alternative history of the 19th century's British Victorian era or American "Wild West", in a future ...

In a nutshell, 1920s fashion for women was all about getting loose, which applied to morals, too. Women wore dresses all day, every day, rain or shine. Day dresses had a drop waist, which was a sash or belt around the low waist or hip and a skirt that hung anywhere from ankle on up to the knee but never above. Daywear had sleeves (long to mid-bicep) and a skirt that was straight, pleated, hank ...

Salt Water. Salt Water is a rugged, tropical island that climbs slowly from a western bay up to high plateaus. It has also, at some point in the past, been split into two: to the north-east a narrow gorge break the land, spanned by a single rough bridge, looking for all the world like it has been cut over time by water action.

After hearing that a few of my friends were making cycling costumes for Costume College this year, I decided at the last minute that I desperately needed one too, so I ordered the Wearing History Bicycling Outfit pattern since I was in a rush and didn't have time to draft patterns from scratch. This turned out to be a really excellent plan, and I couldn't be happier with the way this pattern ...
