

Truly Unethical Behavior English Edition

Truly Unethical Behavior English Edition

Defining ethics. The English word "ethics" is derived from the Ancient Greek word *ēthikós* (ἠθικός), meaning "relating to one's character", which itself comes from the root word *ēthos* (ἦθος) meaning "character, moral nature". This word was transferred into Latin as *ethica* and then into French as *éthique*, from which it was transferred into English.

Ethics - Wikipedia

The ethics of artificial intelligence is the part of the ethics of technology specific to robots and other artificially intelligent beings. It is typically [citation needed] divided into roboethics, a concern with the moral behavior of humans as they design, construct, use and treat artificially intelligent beings, and machine ethics, which is concerned with the moral behavior of artificial ...

A lot has been written about normal personality or normal behavior on the Internet. But I have never seen an extensive model about personality that can be readily recognized by everyone.

What is normal personality or normal behavior?

Corporate values are in vogue — but what does the fashion tell us about enduring corporate practice, as it is and as it could be? Increasingly, companies around the world have adopted formal statements of corporate values, and senior executives now routinely identify ethical behavior, honesty, integrity, and social concerns as top issues on their companies' agendas.
